O R D E R

On April 15, 1993, South Central Bell Telephone Company ("South Central Bell") filed a proposed tariff to introduce a four month waiver period of the installation charge for the Basic Rate Digital Subscriber Line rate element in the ESSX (R) ISDN Service tariff. South Central Bell filed a request for confidential treatment of revenue, demand, and contribution projection, and cost support developed in connection with the tariff filing.

On May 3, 1993, South Central Bell requested, by letter, that the tariff filing be withdrawn due to unforeseen scheduling conflicts.

After review, the Commission finds that South Central Bell's request to withdraw the tariff filing should be approved. The Commission will return all proposed confidential information to South Central Bell.

The Commission, having been sufficiently advised, HEREBY ORDERS that South Central Bell's proposed tariff filing to promote ESSX ISDN service is withdrawn.

Done at Frankfort, Kentucky, this 14th day of May, 1993.
